The Ultimate Road Trip Planning Guide

Do you want to take that trip of a lifetime, but can't figure out how to "leave it all behind?" *Live Your Road Trip Dream: Travel for a year for the cost of staying home* (ISBN 09752928-0-3, \$17.95, RLI Press, 288 pages, July, 2004) will inspire you to turn your personal travel dream into reality.

This information-packed "how-to" guide will step you through everything you need to know to make your own adventure of a lifetime possible. The Whites pack humor, wisdom and sound advice into this entertaining, yet practical book.

Live Your Road Trip Dream tackles such questions as how to pay for a year away from home, how to unravel all your current commitments, how to plan on the fly and enjoy every day, how to handle the emergencies that crop up along the way, and the most-asked question: how to enjoy your traveling companion on a 24/7 basis!

The second half of the book takes you along on a whirlwind tour of the authors' trip — not because they think that what they did is important (everyone has their own dream), but to help you visualize what months away from home might really be like and to offer a glimpse into how decisions and discoveries are made along the way.

Whether your dream takes you on a road trip across the United States or on a sailboat trip around the world, *Live Your Road Trip Dream* is a "must-have" planning tool. Visit www.roadtripdream.com and change your vision from dreaming to doing.
